

LEARN A SECOND LANGUAGE BEFORE SCHOOL AGE

www.bilingualdaynurseryashby.co.uk

Our Approach to Learning

Learning through play

Bilingual Day Nursery Ashby adheres to a holistic approach of early childhood education. When we expose children to different environments and various learning experiences, we allow them to explore their self-awareness and gain a sense of the world around them. Once they leave our Nursery, they're fully prepared for the next stage of their young lives.

We have a topic of the week that is decided by the interests shown by children. However sometimes the activity for that day won't happen because our children just want to play! Therefore we work around their interests: if your child likes to play with cars and is interested in cars but on the plan it says gardening then we won't do gardening we will learn more about vehicles. We will always encourage all children to join in!

We will never sit a child down and make them do an activity. We believe in learning through play not sitting down and doing a lesson! With the pre-schoolers we encourage school readiness by helping the children to gain their independence and have the self-confidence for the next stage of their education.

Why Spanish?

Spanish is spoken in 30 countries

Learning two languages before age 5 reshapes the brain, improving cognitive control

Bilinguals have better employment opportunities in later life

Speaking two languages before age 5 reduces the risk of mental health issues later in life such as Dementia and Alzheimer's

New Woodland Family-run Nursery Setting

Situated on the site of Woodcote Primary School, the Bilingual Day Nursery Ashby is the only bilingual setting in The Midlands, immersing children into two languages before they start school

Our child-led approach treats all children as individuals

A Typical Day

Our children eat together with all age groups to encourage family style meals. A full day at nursery includes 5 meals which are all home-cooked and healthy.

We can frequently be seen out in the community as we often visit places in town such as the library or other community events.

We play outside come rain, snow or shine and have a purpose built garden for the occasion!

Our Team

A talented multicultural team of British and Spanish staff that will immerse your child into Spanish through play by simply speaking to your child in both languages

Outstanding teachers with QTS/Level 2/3

Bilingual Level 5 Nursery Manager

A broad curriculum based around the children's interests.

Testimonials

Couldn't be happier with the nursery, our son has been going since he was 4 months old he loves it here. The staff are very friendly and helpful and are very good with our son. It's a lovely building with lots of space and out door area. Lots of activities and things for the children to do. Would definitely recommend them.

Rebecca-Joye Hickey

Hope literally runs into nursery each day, to me that says everything! Happy baby = Happy mummy. The staff are so gentle, super child led with a focus on getting wrapped up and heading outdoors every day. I love that you are evolving too and trying new things.

Kerry Murray

My three year old daughter loves her days at the Bilingual Nursery. There are great resources, including the outdoor area, and the children can choose what to do and play with. There's a real focus on the children's individual interest, and imaginative play. As parents, we've been kept regularly updated with photos and details of activities she's been engaged in. Staff are really friendly and welcoming.
